

**Katy ISD Junior High Pre-AP to High School AP Math Course Progression**

Junior High Students may choose to CBE (credit by exam) certain courses to speed up this progression.

Enrolled Grade/Course	CBE exam
5 <sup>th</sup> grader attempting to place out of 6 <sup>th</sup> grade Pre-AP Math	6 <sup>th</sup> grade Math *
6 <sup>th</sup> grade Pre-AP student attempting to place out of 7 <sup>th</sup> grade Pre-AP Math	8 <sup>th</sup> grade Math **
7 <sup>th</sup> grade Academic student attempting to take Algebra I in the 8 <sup>th</sup> grade	8 <sup>th</sup> grade Math
7 <sup>th</sup> grade Pre-AP student attempting to place out of Algebra I in the 8 <sup>th</sup> grade	Algebra I

\*The 6<sup>th</sup> grade Math CBE only tests students on the 6<sup>th</sup> grade Math content. However, 6<sup>th</sup> grade Pre-AP Math consists of all of the 6<sup>th</sup> grade content and half of the 7<sup>th</sup> grade content. Students will never be taught this 7<sup>th</sup> grade material and will need to ensure mastery of any gaps.

\*\*Likewise, a student testing out of 7<sup>th</sup> grade Pre-AP Math will never be taught the remaining half of the 7<sup>th</sup> grade content and will need to ensure mastery of any gaps.

Future and current SLJH students and parents who would like more information on this process may contact SLJH counselor Mrs. Parker at [RebeccaJParker@katyisd.org](mailto:RebeccaJParker@katyisd.org)
